ABSTRACT

PEMANFAATAN LAHAN DAN BAGI HASIL DALAM PENERAPAN SISTEM *Al-MUZÂRA'AH*

Muhammad Ngasifudin
NIM 15913010

Dalam tesis ini, penulis membahas tentang "Pemanfaatan Lahan dan Bagi Hasil Dalam Penerapan sistem *Al-Muzâra'ah"* untuk menjawab tiga permasalahan yang menjadi fokus pembahasan, Pemanfaatan lahan dan bagi hasil dan bagaimana dampak sistem *Al-Muzâra'ah*

Ditinjau dari sifatnya, penelitian ini adalah penelitian *Mixed Methods*, berpijak pada prosedur-prosedur penelitian yang menghasilkan data dianalisis dengan pendekatan perhitungan statistik dimana analisa data dilakukan secara terus menerus, dan mendeskripsikan dari orang-orang dan perilaku secara *holistik* (utuh).

Dari hasil penelitian hasil analisis regresi diperoleh nilai t hitung 1,628 < 2,030 dan Nilai Signifikasi (Sig) 0,110 > 0.05 maka dapat disimpulkan Pemanfaatan lahan tidak berpengaruh signifikan dalam *Al-Muzâra'ah.* Bagi hasil Berpengaruh signifikan dalam *Al-Muzâra'ah*, Berdasarkan Hasil Uji regresi nilai T hitung 3,013 > t tabel 2,030 dan Nilai signifikan (Sig) 0,004 < 0.05 maka Dapat disimpulkan Bagihasil berpengaruh signifikan dalam sistem *Al-Muzâra'ah*. Dan mempunyai dampak yang besar dalam kesjahteraan di Dusun Rawadadi Desa Pahonjean, dengan akad *Al-Muzâra'ah* tersebut dalam praktiknya yang menjadi acuan dalam bagi hasil baik pemilik maupun penggarap adalah hasil panen.

Kata Kunci *: Pemanfaatan Lahan, Bagi Hasil, Dampak, Al-Muzâra'ah*.

ABSTRACT
THE LAND USE AND PROFIT SHARING IN THE IMPLEMENTATION OF *Al-MUZÂRA'AH* SYSTEM

Muhammad Ngasifudin
NIM 15913010

In this thesis, the writer is to discuss about "The Land Use and Profit Sharing in the Implementation of *Al-Muzâra'ah* System" to answer three issues becoming the focus of discussion: the land use, profit sharing and the effect of impact of *Al-Muzâra'ah* system.

Based on its characteristic, this is a *Mixed Method* research in the base of the procedures of research resulting in the data analyzed using the approach of statistic measurement. The data analysis was conducted continually and described from people and attitude holistically (intact).

From the result of the research from the regression analysis, it has been found the t count of 1,628 < 2,030 and the Significance Value of (Sig) 0,110 > 0.05. Thus, it can be concluded that the Land Use had no a significant effect in *Al-Muzâra'ah.* The Profit Sharing had a significant effect in *Al-Muzâra'ah.* Based upon the result of the regression test, the t count was 3,013 > t table 2,030 and the Significance Value of (Sig) 0,004 < 0.05. Thus, it can be concluded that the Profit Sharing had a significant effect in *Al-Muzâra'ah* system and had a significant effect on the prosperity in the Rawadadi Hamlet, Pahonjean Village. With the contract of *Al-Muzâra'ah*, it in practice has been the guidance for the profit sharing both for the owner and the worker that is the yield of the crop.

Keywords: Land Use, Profit Sharing, Effect, *Al-Muzâra'ah.*
