The existence of cooperation has given a significant contribution in the national economic development. But, in its practice, the cooperation has not given a significant contribution to increase the economic and prosperity level of the members. This condition then has made the sharia-based cooperation plays a strategic role that is with the existence of maqasid syariah to achieve *falah* or happiness hereafter playing an important role to increase the prosperity of the members.

This research aims to measure the performance ratio of the sharia cooperation using the index of maqasid syariah through the empowerment programs conducted. In this research, the researcher found a number of research findings including: first, KSPPS Umat Sejahtera Mulia has been operated in accordance with the principles of maqasid syariah in line with the index of maqasid syariah. Second, the performance ratio of the KSPPS Umat Sejahtera Mulia from 2012 to 2017 fluctuated. Third, the empowerment program showed a positive trend by approximately 66.08% in having the benefit of the empowerment programs based upon the dimension of the index of maqasid syariah. The fund allocation by KSPPS Umat Sejahtera Mulia with the expectation of *falah* or happiness hereafter for its members has been fulfilled.
