ACKNOWLEDGEMENTS

All Praise is due to Allah, the Lord of the universe. I would like to express my greatest gratitude to Allah SWT for the blessings and opportunities that He has bestowed upon me. Also, Shalawat and Salaam are always dedicated to prophet Muhammad SAW, his family, and all of his companions.

Thesis is one of the requirements that should be submitted by students to obtain master's degree from Faculty of Civil Engineering and Planning, Universitas Islam Indonesia. Here, I would like to acknowledge and thank to:

- My supervisors and examiner, Prof. Ir. Sarwidi, MSCE., Ph.D. and Prof. Ir. Moch. Teguh, MSCE., Ph.D. and Fitri Nugraheni, ST., MT., Ph.D., for your advice, guidance, and encouragements during the process of this thesis,
- My mom and my dad who always support me, embrace me with their love, and motivate me during difficult times,
- All staff members of MTS UII for assisting me during the process of this thesis,
- All MRK friends and Sipil 2010 friends who helped me in discussing many things related to this research,
- Pak Tugiman, Bu Towiyah, Pak Adi, and all enumerators who helped me during the field survey,
- Last but not least, my heartfelt thank to Olivia Barcelona Nasution for endless support, encouragement, and pray during the process of this thesis. Thank you for being such a great partner.

Yogyakarta, 28 November 2018
