ACKNOWLEDGEMENT

بسم الله الرحمن الرحيم

Assalamu'alaikum Wr. Wb.

First and foremost, I would like to thank Allah SWT for blessing my life in so many incredible and amazing ways, especially in helping me accomplished this thesis. Simply because of Allah SWT, this thesis entitled "Optimization of Work-in-Process Inventory through Filling Activity in Chevron Pacific Indonesia Company" presented as a partial fulfillment of the requirements to obtain the Bachelor Degree in Faculty of Industrial Technology can be finished completely. There is no single word that can be expressed but: Alhamdulillah.

Secondly, I would like to convey my grateful thanks to Ir. R. Chairul Saleh, M.Sc., Ph.D as my thesis supervisor who was very helpful in guiding my thesis with his comprehensive advices, and as my never ending knowledge advisor in many ways.

Thirdly, I would like to convey my sincere thanks to Mr. Rudy Waldemar who helps me in so many constructive ways when I conducted my research at Chevron Pacific Indonesia Company. Because of his helps, I could finish my research activity smoothly.

Finally, this thesis had been made easier by the efforts of many people, to whom I'm indebted. Thus, I am grateful to:

1. My Super Mom, Dad, Sisters, Grandmas, and Grandpas for their full support, love, care, patient, and everlasting pray.
2. Muki Hernowo, Rafika A'yun, and Erick Jamaludin Ghani for being my best friend in joy and difficult time. I will always love and remember you m.e.a.w..
3. All of my friends in IP FTI UII 2004 for their support and their ways in understanding me... you guys are rock!
4. My companion in CAD/CAM Laboratory Assistant for inspiring me in so many ways.

5. All people who cannot be mentioned here, Arigato Gozaimasu.
6. Last but not least, my soulmate Irdas Amanda Muswar for his unlimited patient.

Eventually, I hope this thesis can give benefits for all readers.

Wassalamu'alaikum Wr.Wb.
