

## DAFTAR ISI

|                                          |      |
|------------------------------------------|------|
| Halaman Judul .....                      |      |
| Lembar Pengesahan Dosen Pembimbing ..... | i    |
| Lembar Pengesahan Dosen Penguji .....    | ii   |
| Halaman Persembahan .....                | iii  |
| Halaman Motto .....                      | iv   |
| Kata Pengantar .....                     | v    |
| Daftar Isi .....                         | vii  |
| Daftar Gambar .....                      | xi   |
| Daftar Tabel .....                       | xii  |
| Abstraksi .....                          | xiii |

### **BAB I PENDAHULUAN**

|                                  |   |
|----------------------------------|---|
| 1.1 Latar Belakang Masalah ..... | 1 |
| 1.2 Perumusan Masalah .....      | 2 |
| 1.3 Batasan Masalah .....        | 3 |
| 1.4 Tujuan Penelitian .....      | 3 |
| 1.5 Manfaat Penelitian .....     | 3 |
| 1.6 Sistematika Penulisan .....  | 4 |

### **BAB II LANDASAN TEORI**

|                                                       |    |
|-------------------------------------------------------|----|
| 2.1. Pendahuluan .....                                | 6  |
| 2.2. Kajian Deduktif .....                            | 6  |
| 2.3. Kajian Induktif .....                            | 7  |
| 2.3.1. Sistem Manufaktur .....                        | 8  |
| 2.3.2. Keseimbangan Lintasan Produksi .....           | 11 |
| 2.3.3. Terminologi-terminologi .....                  | 12 |
| 2.3.4. Permasalahan Keseimbangan Lintasan Produksi .. | 13 |
| 2.3.5. Tujuan Keseimbangan Lintasan .....             | 16 |

## **BAB IV PENGUMPULAN DAN PENGOLAHAN DATA**

|         |                                                                         |    |
|---------|-------------------------------------------------------------------------|----|
| 4.1     | Data Umum Perusahaan .....                                              | 48 |
| 4.1.1   | Data Umum Perusahaan .....                                              | 48 |
| 4.2     | Pengumpulan dan Pengolahan Data .....                                   | 49 |
| 4.2.1   | Pengumpulan Data .....                                                  | 49 |
| 4.2.2   | Pengolahan Data .....                                                   | 64 |
| 4.2.2.1 | Uji Keseragaman Data .....                                              | 64 |
| 4.2.2.2 | Uji Kecukupan Data .....                                                | 66 |
| 4.3     | Penghitungan Waktu Baku .....                                           | 67 |
| 4.3.1   | Menghitung Waktu Siklus Rata-rata .....                                 | 67 |
| 4.3.2   | Menghitung Waktu Normal .....                                           | 67 |
| 4.3.3   | Menghitung Waktu Baku .....                                             | 71 |
| 4.4     | Penghitungan <i>Line Balancing</i> .....                                | 79 |
| 4.4.1   | Penghitungan Kriteria <i>Line Balancing</i> pada<br>Kondisi Awal .....  | 79 |
| 4.4.2   | Penghitungan Keseimbangan Lini pada Kondisi<br><i>Mixed Model</i> ..... | 82 |
| 4.4.3   | Pengaruh Terhadap Produk Lain .....                                     | 85 |
| 4.4.3.1 | Model 1 (Drawer Chest) .....                                            | 85 |
| 4.4.3.2 | Model 3 (Armored Base) .....                                            | 85 |
| 4.4.3.3 | Model 4 (Night Stand) .....                                             | 85 |
| 4.4.3.4 | Model 5 (Armored Top) .....                                             | 86 |

## **BAB V PEMBAHASAN**

|       |                                                  |    |
|-------|--------------------------------------------------|----|
| 5.1.  | Lini Perakitan Menggunakan 2 Stasiun Kerja ..... | 84 |
| 5.1.1 | Model 1 (Drawer Chest) .....                     | 84 |
| 5.1.2 | Model 2 (Dresser) .....                          | 85 |
| 5.1.3 | Model 3 (Armored Base) .....                     | 70 |
| 5.1.4 | Model 4 (Night Stand) .....                      | 86 |
| 5.1.5 | Model 5 (Armored Top) .....                      | 87 |
| 5.2.  | Biaya Peralatan .....                            | 88 |

## **BAB VI    PENUTUP**

|                         |     |
|-------------------------|-----|
| 6.1    Kesimpulan ..... | 95  |
| 6.2    Saran .....      | 100 |
| <b>Daftar Pustaka</b>   | 101 |
| <b>Lampiran</b>         |     |

## DAFTAR GAMBAR
